<https://www.agingtogether.org/upcoming-programs.html>

Upon registration completion, check your email box for information about linking to the webinar.

Presented in partnership with the
PIEDMONT DEMENTIA EDUCATION COMMITTEE
This Event is Free.

Our Presenter:

Dr. Jonathan Evans, MD is a Geriatrician with over 30 years of experience in Geriatric Medicine and will be available to answer your questions!

Persons living with dementia might struggle to understand why they must wear a mask. Caregivers worry their loved ones in long-term care facilities won't remember them if they don't visit.

Dr. Evans will address these and other challenges faced by caregivers of persons living with dementia - both those who are at home, and those who are living in facilities.
