Virginia is currently in these phases

Frontline Essential Workers by Order of Vaccination Planning

Because there is not sufficient supply at this time to vaccinate everyone in Phase 1b at the same time, local health districts will reach out to engage the Frontline Essential Worker groups in vaccination planning in the following order:

1. Police, Fire, and Hazmat
2. Corrections and homeless shelter workers
3. Childcare/PreK-12 Teachers/Staff
4. Food and Agriculture (including veterinarians)
5. Manufacturing
6. Grocery store workers
7. Public transit workers
8. Mail carriers (USPS and private)
9. Officials needed to maintain continuity of government (including judges and public facing judicial workers)
10. Clergy/Faith Leaders
11. Janitorial/Cleaning staff

Overlap of vaccination of groups is expected to ensure people in Phase 1b are vaccinated as quickly and efficiently as possible. Opportunities to vaccinate Frontline Essential Workers should not be missed.
